

NEWS RELEASE

Plaintree Systems Inc. announces profitable Fiscal 2015 Second Quarter results.

Ottawa, Ontario, **November 25, 2014** – Plaintree Systems Inc. (**Plaintree, traded on CSE under the symbol NPT**).

Q2 2015 Results

Plaintree announced today that it has released its un-audited consolidated financial statements and related management discussion and analysis for the second quarter ended September 30, 2014.

During the second quarter of 2015 ending September 30, 2014, Plaintree realized revenues of \$6,769,576 up from \$5,858,829 in the same period of fiscal 2014 and a net income of \$1,040,371 compared to a net income of \$801,426 in the previous corresponding quarter.

“As we have discussed, the costs of completing the Saskatchewan job to our own high standards despite adverse weather weighed heavily on the last few quarters’ results,” said David Watson, Plaintree CEO. “With that behind us we are pleased to report a return to normal financial results”.

For more information on these results, please refer to Plaintree’s annual 2014 financial statements together with the related Management’s Discussion and Analysis report, copies of which can be obtained from the Company’s website at www.plaintree.com and/or under Plaintree’s name at www.sedar.com.

About Plaintree Systems

Plaintree has two diversified product lines consisting of Specialty Structures and Electronics.

The Specialty Structures Division includes the former Triodetic Group with over 40 years of experience, is a design/build manufacturer of steel, aluminum and stainless steel specialty structures such as commercial domes, free form structures, barrel vaults, space frames and industrial dome coverings, Arnprior Fire Trucks Corp., a manufacturer of high end fire and emergency vehicles and the newly acquired Spotton Corporation, a design and manufacturer of high end custom hydraulic and pneumatic valves and cylinders.

The Electronics Division includes the legacy Hypernetics, Summit Aerospace USA Inc. and Plaintree free space optics (FSO) businesses.

Plaintree’s FSO systems transmit data at high speeds using beams of light instead of traditional radio frequency which can suffer from congestion. Hypernetics was established in 1972 and is a manufacturer of avionic components for various applications including aircraft antiskid braking, aircraft instrument indicators, solenoids, high purity valves and permanent magnet alternators. Summit Aerospace USA Inc. provides high precision machining to the aerospace and defense markets. Our facility includes 5 axis CNC precision machining of complex castings and large ring parts such as turbine and assembly shrouds as well as assembly & pressure seals. Summit will support requirements from concept, prototype and throughout production.

Plaintree’s shares are traded under the symbol “NPT”. Shareholders and Investors can access Company information on CSE’s website and receive full Company disclosure monthly.
