

NEWS RELEASE

Plaintree Systems Inc. announces Fiscal 2017 Second Quarter results.

Ottawa, Ontario, **November 18, 2016** – Plaintree Systems Inc. (**Plaintree, traded on CSE under the symbol NPT**).

Q2 2017 Results

Plaintree announced today that it has released its un-audited condensed consolidated interim financial statements and related management discussion and analysis for the three and six months ended September 30, 2016.

During the first six months of fiscal 2017, Plaintree realized revenues of \$9,095,300 up from \$7,382,691 for the same period of fiscal 2016 with net losses of \$(476,148) and \$(1,522,014) in the respective periods. The notes to the financial statements and Management Discussion and Analysis for the period ended September 30, 2016 contain comments from management regarding the ability of Plaintree to continue as a going concern as discussed in Section 2(d) of the notes to the financial statements and the section entitled “Outlook – Going Concern” in the Management Discussion and Analysis.

For more information on these results, please refer to Plaintree’s annual 2016 financial statements together with the related Management’s Discussion and Analysis report, copies of which can be obtained from the Company’s website at www.plaintree.com and/or under Plaintree’s name at www.sedar.com.

About Plaintree Systems

Plaintree has two diversified product lines consisting of Specialty Structures and Electronics.

The Specialty Structures Division includes the former Triodetic Group with over 40 years of experience, is a design/build manufacturer of steel, aluminum and stainless steel specialty structures such as commercial domes, free form structures, barrel vaults, space frames and industrial dome coverings, Arnprior Fire Trucks Corp., a manufacturer of high end fire and emergency vehicles, Spotton Corporation, a design and manufacturer of high end custom hydraulic and pneumatic valves and cylinders and the recently acquired Madawaska Doors, a design and manufacturer of premium solid wood doors.

The Electronics Division includes the legacy Hypernetics, Summit Aerospace USA Inc. and Plaintree free space optics (FSO) businesses. Plaintree’s FSO systems transmit data at high speeds using beams of light instead of traditional radio frequency which can suffer from congestion. Hypernetics was established in 1972 and is a manufacturer of avionic components for various applications including aircraft antiskid braking, aircraft instrument indicators, solenoids, high purity valves and permanent magnet alternators. Summit Aerospace USA Inc. provides high precision machining to the aerospace and defense markets. Our facility includes 5 axis CNC precision
