## NEWS RELEASE

**Plaintree Systems Inc. announces the purchase of the assets and business of the finest manufacturer of premium wood doors in North America, Madawaska Doors.**

Ottawa, Ontario, **July 21, 2015** – Plaintree Systems Inc. (**Plaintree, traded on CSE under the symbol NPT**).

Plaintree announced today that it has purchased the assets and operations of Madawaska Doors Inc. The transaction was completed by way of an asset transaction and was paid for out of the Company's internal resources. No debt of Madawaska Doors Inc. was assumed by Plaintree as part of the transaction.

"I was contacted about the opportunity to acquire this 40 year old highly revered company about a month ago" said David Watson, Plaintree CEO. "It has designed and manufactured doors for high end homes throughout the world including mansions for one of the top 5 ranked golfers and a certain rock star that had his own television reality show that took place in his Madawaska Door equipped home."

"With the marketing and manufacturing knowledge experience that Plaintree has, we plan to expand Madawaska Doors' product line and market place with further diversification". Mr. Watson continued. "The company's manufactured product being either 100% recyclable or biodegradable, we are proud to carry on this environmentally friendly operation and tradition."

Plaintree intends to continue to operate the Madawaska door business out of the former owner's Barry's Bay premises.

More information on the Madawaska Door brand can be found at [www.Madawaska-doors.com](http://www.Madawaska-doors.com)

### **About Plaintree Systems**

**Plaintree** has two diversified product lines consisting of Specialty Structures and Electronics.

The Specialty Structures Division includes the former Triodetic Group with over 40 years of experience, is a design/build manufacturer of steel, aluminum and stainless steel specialty structures such as commercial domes, free form structures, barrel vaults, space frames and industrial dome coverings, Arnprior Fire Trucks Corp., a manufacturer of high end fire and emergency vehicles and the newly acquired Spotton Corporation, a design and manufacturer of high end custom hydraulic and pneumatic valves and cylinders.

The Electronics Division includes the legacy Hypernetics, Summit Aerospace USA Inc. and Plaintree free space optics (FSO) businesses. Plaintree's FSO systems transmit data at high speeds using beams of light instead of traditional radio frequency which can suffer from
